## REMARKS

**T**HIS valuable collection of books, gathered by the late General A. J. Pleasonton, of Philadelphia, will afford an opportunity to the lover of books in their original condition, as issued by the publishers, that will probably not occur again; and it will prove to be a veritable storehouse from which public Libraries can select many works that are in urgent demand, but seldom found.

The Library is as varied as it is large, embracing nearly every branch of Literature and Science, excepting Theology, and when it is taken into consideration that thousands of the volumes bear the imprint of a Bentley, a Colburn, a Murray, or a Pickering, the importance of the collection will be fully understood. Here will be found books to suit the general reader, as well as the most fastidious collector and confirmed Bibliomaniac.

The most desirable works in the sale are, in nearly every instance, in their original cloth or board bindings, and uncut—a condition which is always desirable, but seldom obtainable, in purchasing the best editions of the works of modern authors.

We do not lay claim to any great rarities, but we do claim to have an extraordinary collection of very desirable books, and we ask our patrons to examine the catalogue thoroughly, knowing that they will be fully well paid for the trouble, by meeting with nuggets they have been in search of for years.

STAN. V. HENKELS.

### Kingsborough's Antiquities of Mexico.

- 4408 Kingsborough, Lord. Antiquities of Mexico; comprising Fac-similes of Ancient Mexican Paintings and Hieroglyphics, Preserved in the Royal Libraries of Paris, Berlin and Dresden, in the Imperial Library of Vienna, in the Vatican Library, in the Borgian Museum at Rome, in the Library of the Institute at Bologna, and in the Bodleian Library at Oxford; together with the Monuments of New Spain, by M. Dupaix, with their Respective Scales of Measurement and Accompanying Descriptions. The whole illustrated by many valuable Inedited Manuscripts. The *drawings on stone*, by A. Aglio. 9 vols. Imperial folio, half morocco, extra. London, 1831-48

The two additional volumes were printed long after the first seven volumes, forming the eighth and ninth of the whole work.

This work in its magnificence recalls to mind the patronage of crowned heads and the splendor of the princely patrons of literature. It has no taint about it of author or bookseller. It comes in the astounding form of seven (now nine) volumes. Imperial folio.
